Dear Fellow Carver:

Founded 60-years ago, we are the original U.S. company dedicated to supplying the needs of woodcarvers everywhere! Still leading & innovating we offer these advantages: 1. **Low shipping costs:** just \$8.50 covers the cost of normal delivery within the 48-contiguous states for any order regardless of weight or value! 2. **Guaranteed satisfaction & lowest price.** 3. **The best quality products:** many not available anywhere else. 4. **Fast order processing:** same-day shipping on most orders (Air delivery available). 5. **Huge inventory:** most items are in stock for immediate shipment. We sincerely appreciate your suggestions & orders!

Happy Carving!

Timothy Effrem Deborah Effrem

Timothy Effrem, Pres. & Deborah Effrem, V.P.

A. Burnmaster® 3-Ball Point Tip Set: Our replaceable style wood burning tips feature several important benefits. For a true ball shape a tiny ball is skillfully welded to the tip end. Each tip is carefully shaped from superior alloy tip wire & features precision made copper contacts for superior conductivity. Note: Burnmaster® brand tips are compatible with Burnmaster® wood burning pens & Detail Master version-II replaceable style handpieces (pens). Approx. overall length: 2-1/8". Great for making: Dots, Texturing, Writing, signatures & creating lines. Set includes: 1mm, 1.5mm & 2mm Ball Point Tips. **497080 3-Ball Point Tips Set \$34.85**

B. PYROPAPER Create beautiful woodburned designs on wood & gourds, regardless of your artistic skill. Packets contain 40 sheets (8.5"x11"). Simply photocopy your design on the paper, cut out the design, tape to wood or gourd & follow the lines by woodburning through the paper. This system ensures great results!

BURNMASTER® WOOD BURNERS By

Mastercarver® High-performance tools!™ Imagine a top quality wood burning system that accepts any pen (handpiece) regardless of manufacturer & has up to 130 watts of power! It's not a dream, it's the Burnmaster! The advanced design of the amazing Burnmaster is so superior it's revolutionary! Unlike others, it accepts all major pen connection systems! So instead of being forced to use just one pen brand or buying adapters, you can choose & use virtually any pen. The Burnmaster accepts wood burning pens by Mastercarver®, Leisure Time Prod. (Detail Master), Colwood (Detailer), SMC / P.J.L. (Optima), Nibs, Navesink, Razertip & others with similar connections. Burnmaster controllers feature pro quality components, 130-watts max. transformer, precise variable power supply (with micro heat adjustment), custom designed circuitry, reset fuse protection, all metal housing (3.5" x 4.75" x 8.5"), non-slip rubber feet, 6' power cord, manual & 3-yr. warranty. Wt.: 4.5 lbs. Compare quality, features & value, you'll prefer Burnmaster or your money back!

Burnmaster® Eagle Set (photo on page 24) Includes 2-selectable handpiece power ports, 2-universal pen patch cord /adapter sets, 2-pen holders, 2-Burnmaster® Pens, 10-tips (same tips as pictured) & 779001 Mastercarver® Tool Bag.

499202 Burnmaster® Eagle-2 port Set Save \$44 \$259.95

Burnmaster® Hawk Set (photo above) same power, features & specifications as Eagle except 1-power port. Includes: 1-universal pen patch cord/adapter set, 1-pen holder, 1-Burnmaster® Pen, 10-tips (in photo above). See optional 779001 Tool Bag listed on page 25.

Our best value for detail tools!

Cuts actual size

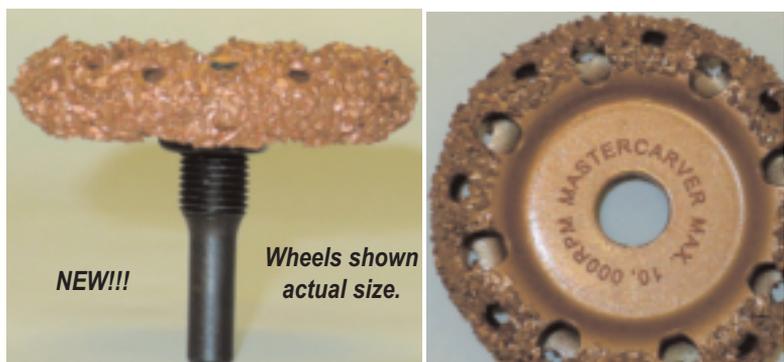

Tools shown actual size.

8-Tool Detail Set. These tools are top quality and value priced! Selection is great for beginning carving, also perfect for detailing. Includes the most useful tools from 4mm – 10mm wide. Blades are made from high quality, properly hardened steel (Rc 58) and have razor-sharp (ready to carve) edges. Designed for the better control that results from hand pushing, blades feature extra thin steel, sharpened to a low angle to slice wood with less effort. Specially shaped Japanese style handles offer superior grip, control and comfort. Durable wood and stainless steel cap ferrules prevent handle splitting. Includes 8-tools with matching edge guards. Our best detail tool value! Overall tool length 7".

601001 **8-Tool Detail Set** **\$25.95**

NEW!!!

Wheels shown actual size.

2" CARBIDE NUGGET™ WHEEL by Mastercarver® *High-performance tools!™* These wheels remove wood faster, leave the surface smoother, and resist clogging better than others we've tried! They feature super-tough nuggets of wear and impact resistant Tungsten Carbide, permanently brazed to the steel rim. These "nuggets" of coarse carbide grit are more durable than the pointed carbide used on others. Unlike other wheels, the open grain air-cooled design resists clogging, buildup or overheating. These wheels will fit 1/4" capacity flex-shaft tools or grinders. Wheel dia. 2" (50mm) x 3/8" (10mm), Hole: 3/8" (9.53mm), includes 1-coarse wheel and 1/4" shank mandrel. Maximum speed 10,000 RPM. **264866 2"-Carbide Nugget™ Wheel Coarse \$29.95**

- 1/2 HORSEPOWER
- REVERSIBLE
- 2 YR. WARRANTY

B. Hanging Basic set Includes: motor, flexshaft, Stealth handpiece, 1 burr & foot pedal.

A. Ultra set Includes all of the items in boxed photos plus the router guide featured on the right C.

C.

Turn your Stealth™ handpiece into a router with this guide (included with Ultra set).

MASTERCARVER® FLEX-SHAFT SYSTEM. For roughing-out, shaping & final detailing you can't beat the versatility of a flex-shaft machine! The 1/2 horsepower, 30,000 rpm Mastercarver® motor offers industry leading speed & power. The extra power (1/2 hp) allows you to rough-out carvings faster & use larger burrs that would stall lesser motors. Its higher speed (30,000 rpm) improves detailing by better utilizing small burrs than slower machines. The internationally patented Stealth™ handpiece has a mini key-chuck & adjusts 0-1/4" without collets, a Mastercarver® exclusive! Only Mastercarver® flex-shafts are lubed for life with exclusive formula synthetic "Pro Flex-Shaft Lube". Unbeatable specifications & legendary reliability are why thousands of carvers from World Champion & Pros to beginners rely on Mastercarver®. Choosing the right flex-shaft system is one of the most important decisions you will make as a carver. It's easy to choose wisely, upgrade to Mastercarver® today, you'll be glad you did! We list several sets to meet your carving needs & budget.

A. MASTERCARVER® HANGING ULTRA FLEX-SHAFT SET Enjoy all the benefits of rotary power carving. The Mastercarver® flex-shaft machine provides the tools needed to carve better, faster & with less effort! The highest performance rotary flex-shaft set available, it includes everything you need to get started in rotary power carving, without compromise. Features: Heavy duty, 1/2 hp, 0-30,000rpm maximum speed motor with sealed ball bearings & reverse (great for grain changes & left handed carving) plus 38.5" flex-shaft & 2-handpieces. The first handpiece: Stealth™ (patented) has a key-chuck & adjusts 0-1/4" to accept accessories with 1/4" or smaller shanks, without collets! Great for roughing out! The 2nd rotary handpiece is the ultra thin (1/2") Detail Pro, hold it like a pencil for best control, perfect for detailing; it accepts 1/8", 3/32" & 1/16" shanks (collets included). Set includes: motor with foot pedal speed control, 2-handpieces, handpiece router guide, 9-burrs, manual & 2-year motor warranty. **797425 Mastercarver®Hanging Ultra Set \$264.95**

B. MASTERCARVER® HANGING BASIC SET Same great heavy duty, 1/2 hp, 0-30,000rpm maximum speed motor with sealed ball bearings & reverse (great for grain changes & left handed carving) plus 38.5" flex-shaft. Includes Stealth™ handpiece (has a key-chuck & adjusts 0-1/4", without collets), carbide roughing burr and foot pedal speed control. **797422 Hanging Basic Set \$216.95**

B.

World class carver Floyd Scholz says: **Stealth™ handpiece** has become an invaluable addition to my tool collection... smooth operation without fumbling around looking for misplaced collets"...! Included in above sets.

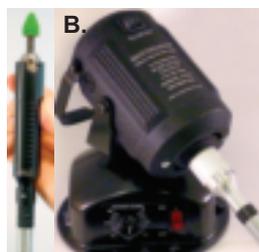

C. MASTERCARVER® HANDPIECE ROUTER GUIDE. Convert your Flexible Shaft Machine into a powerful mini router for roughing out a relief (flat) carving to a preset depth! This handy guide fits over standard 1" (26mm) chuck type flexible shaft handpieces such as the MASTERCARVER® Stealth™. Knurled knob secures guide to handpiece & holds the depth setting you select. Dimensions: Base diameter 2-3/8" (60mm), height 1-3/4" (45mm), handpiece hole: 1-1/32" (26mm). Handpiece & bits sold separately. ***Free with Ultra Mastercarver® flex-shaft set above & 797435 (next page)! 786001 Handpiece Router Guide \$19.95**

BENCH-TOP ULTRA SET includes: 1/2 hp. motor, Reversible, 0-30,000RPM, Dial speed control, 2-handpieces: Stealth™ & Detail-Pro, 9-burrs: diamond & carbide burrs plus free router guide!

A. MASTERCARVER® BENCH-TOP ULTRA SET. Enjoy all the benefits of rotary power carving! The Mastercarver® flex-shaft machine provides the tools needed to carve better, faster & with less effort! The highest performance rotary flex-shaft set available, it includes everything you need to get started in rotary power carving, without compromise. Features: Heavy duty, 1/2 hp, 0-30,000rpm maximum speed motor with sealed ball bearings & reverse (great for grain changes & left handed carving) plus 38.5" flex-shaft & 2-handpieces. The first handpiece: Stealth™ (internationally patented) has a key-chuck & adjusts 0-1/4" to accept accessories with 1/4" or smaller shanks, without collets! Great

for roughing out! The 2nd rotary handpiece is the ultra thin (1/2") Detail Pro, hold it like a pencil for best control, perfect for detailing; it includes collets for: 1/8", 3/32" & 1/16" shanks. Set includes: 2-handpieces, handpiece router guide, 9-burrs, motor with bench-top & dial speed control, manual & 2-year motor warranty. **797435 Mastercarver® Bench-Top Ultra Set \$299.95**

B. MASTERCARVER® BENCH-TOP BASIC SET Same great motor as the set listed above. Includes Stealth™ handpiece (has a key-chuck & adjusts 0-1/4", without collets), carbide roughing burr and bench-top & dial speed control. **797432 Bench-Top Basic Set \$254.95**

MASTERCARVER® Perfect for all power carving. One of many satisfied customers says: *"More than 10 years ago I purchased one of the Mastercarver Flex-shaft units...I had already burned out several other brands & thought it was time to try something new. I make my living carving...since I purchased the Mastercarver from your Co., I have carved over 529 life-sized birds! That big motor just keeps purring through whatever I ask of it."*

Very sincerely, Dan R. Heiman, Big Bear City, CA.

MASTERCARVER® MAINTENANCE ITEMS. These fit all 1/2, 1/3hp & 1/4hp 1985 to present. **Try our shaft lube!** Lab tests prove our special synthetic grease formula is tops! **Freedom maintenance items are listed on page 6.**

C. SHANK SIZE 1/8" PHOTO ACTUAL SIZE

D. SHANK SIZE 1/4" PHOTO ACTUAL SIZE

3/32" shank fits standard collets
30-PIECE DRILL SET 3/32" SHANK Ordinarily, drill head size & shank size match. The problem is that micro-motor tools, Dremels & flex-shaft handpiece collets accept standard sizes. A typical 3/32" collet only accepts a 3/32" drill. So unless you need a 3/32" hole you are out of luck. Finally, a mini drill set that fits standard 3/32" collets! Tough HSS steel & precision twist bit grinding hold up to wood, mild steel, stone. Set includes 30-precision made HSS steel mini twist drills, 2-each of: .5mm – 2.3mm. Includes: plastic organizer box with sizes marked for slots. Drill length: 1-3/4". **627020 30-PC. DRILL SET \$29.95**

BEST DEAL DIAMOND POINT SETS Use diamond points anywhere for superior control & finish when smoothing, detailing, feathering, texturing plus inserting eyes & feathers. Also use to remove deep scratches left by coarse cutting burrs such as Kutzalls. Genuine diamond grit is amazing, it out-lasts all other burrs & cuts fast, yet leaves a smooth finish. 3/32", 1/8" & 1/4" shanks fit most power carvers. Each set includes selection of favorite carving points & storage case. Length 1.75". Compare our quality & price, others sell for much more!

CERAMCUT BLUE STONES Fast cutting, perfect for detailing & texturing. We recommend Blue Stones for a smoother finish after using diamond or other cutting burrs. They work better because the abrasive material is ceramic grain, a super tough, fast cutting, non-fused ceramic aluminum oxide. Excellent for all woods, also great for hard metal, glass & plastic. Most are **fine grit 120** (except **215356 is Coarse 60 grit**). 45,000 RPM max., 3/32" shanks. Length: 1.75", U.S.A. **Your choice, any shape for only \$3.95 Ea!**

HIGH SPEED SWISS DIAMOND BURRS

Use genuine diamond carving points for detailing, texturing, feathering, stoning, inseting eyes & anywhere you want fine detail, excellent control & a smooth finish. The long lasting (up to 1,500 times longer than carbide) & superior abrasive properties of diamond are well known. We discovered an uncompromising Swiss manufacturer. Unlike cheap burrs, for superior cutting, performance & long life, our diamond burrs feature the finest uniform natural diamond grit (100-170 micron) layered not once, but 4 times! As each layer of diamond wears it exposes fresh diamond grit. Head & shank are precisely machined from one piece of surgical stainless steel, not welded. The final result is a quality burr so superior that it will out-perform all others. Works great with most power carving tools. Selection includes all the most useful shapes for carvers in 3/32" shank. Length 1.75", max RPM 45,000. Switzerland.

COARSE RUBY & WHITE SAPPHIRE

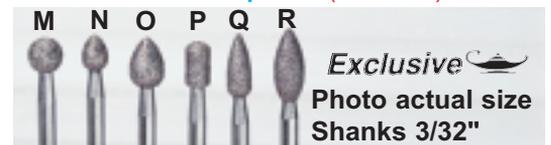

Give your carvings the award winner's edge with Ruby & Sapphire jewel points! Universally accepted by top carvers, Coarse Ruby points cut & shape quickly with little regard to grain direction, yet leave a surprisingly smooth finish. Fine Ruby is for smaller detail & a smoother finish. Sapphire points are arguably the best overall choice. They remove wood much faster than diamond or even coarse ruby. Sapphire leaves surface slightly rougher than coarse ruby, fine enough for final finish on some carvings or may be made progressively smoother with Coarse Ruby, Fine ruby & finally diamond. Both Ruby & Sapphire will outlast conventional steel cutters by many times. Selection includes the most useful Sapphire & Ruby shapes & grits for carving. Top speed 30,000 RPM. Shanks 3/32", Length 2". Switzerland.

12-PIECE TEXTURE SAW SET One of the best kept carving secrets for making realistic hair and fur is to use tiny paper thin saw blades.

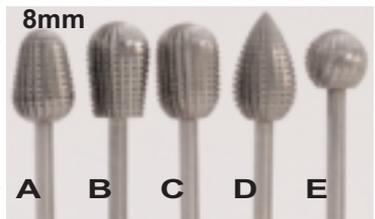

Some carvers stack 2 on a mandrel with a washer between for faster texturing. Also great for cutting small areas such as between legs plus stop cuts in relief carving. Set includes 8 saw blades (2 ea. of: 1/2", 5/8", 3/4", 7/8") & 4 mandrels (2 ea. of: 3/32" & 1/8"). Mandrels fit most power carving tools & handpieces.

627040 12-Piece Texture Saw Set \$19.95

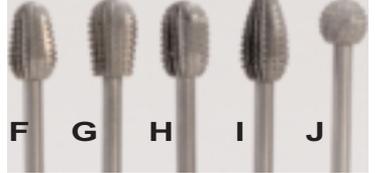

B. CUTTING-EDGE DIAMOND DISC SET Edge creates realistic texture for fur, feathers, fins & hair. Includes 100-120 med/fine grit & 1/8"mandrel. **218020 3/32" Mandrel \$2.95**
881000 6 pc 3/4" Diam. Disk Set \$12.95

STUMP BURRS Get more from your power carving tool! Stump burrs cut faster than abrasive stones, diamond or ruby points. Perfect for painted or natural finish carvings, wood surface is left smooth, as if cut with a sharp knife. Quality made in Switzerland, from special grade carbide steel. Shank: 3/32". Length:1.75".

NEW!!! MASTERCARVER® MICRO-PRO™ CHAMPION SET. Create pro quality detail! Higher carving speeds give superior carving results, smoother texturing, plus improved detailing, stoning & feathering. The new Micro-Pro Champion features an 11% increase in torque (power). With higher torque & speed up to 46,000 rpm, the Micro-Pro™ has the power, speed, superior features & quality you want, priced far less than others! For better control, power flows to the handpiece by a 6' flexible cord. The dial varies speed from 0 to 46,000 rpm! Control box features: dial speed control knob, lighted power indicator, on / off switch, overload protection, 6-burr storage holes, 110/220 Volt selector, forward / reverse switch (directs chips away from you & reduces grain effects). Handpiece features high torque, fan cooled micro motor, sealed NSK ball bearings, solid grip turn-ring for hands-free bit changes (1/4 turn releases or locks bits & collets). Handpiece specifications 46,000 rpm: L. 6", diameter 5/8"-1", weight 7.3 oz. Set includes: handpiece, 3/32" & 1/8" quick change collets, variable speed power supply, table top and box mounted handpiece holders, long-life motor brushes, spare fuse, instructions & 1-year warranty. Note: Burrs not included (see listings pages 7-19). For hands-free control add optional 793801 on / off foot pedal. Special introductory price, order now!

A. 793800	Micro-Pro™ Champion Set	\$199.95
B. 793801	Optional Micro-Pro On / Off Foot Pedal	\$15.95
793602	Optional 1/16" Quick Change Collet	\$9.95
793601	Spare 3/32" Quick Change Collet	\$9.95
793026	Spare Motor Brush Set (pair)	\$9.95

Did you know? Each time the diameter of a burr is reduced by 50%, the rotating speed must be doubled to equal the same surface speed & cutting performance. This is why the 46,000 rpm Micro-Pro is superior for carving detail with smaller burrs.

A. 629421	1/8"	\$11.95	PRO CARBIDE BURRS. Fast cut teeth & smooth finish make these best for wood, stone, bronze & more! Use with flex-shafts, micro & other grinders. 2-PC MINI SAW DRILL SET Perfect for "pierced carvings"; these amazing bits drill holes & side cut to shape openings in material up to 3/4" thick. The bits are precision made from special super hard Titanium nitride (TiN) coated HSS steel for heat resistance & long life. Set includes 1 ea. of 3/32" & 1/8" shank (fit standard power tool collets). Lengths: 2" & 2.25".

627030 2-PC Mini Saw Drill Set \$15.95

ROTATING BURR HOLDER

Organize & store up to 126 items. Accepts 1/4", 1/8", 3/32" and 1/16" shanks. 7" Diam. x 4" High.

795082 Burr Holder \$16.90

TURBO CARVER™ Supercharge your carving & create micro detail! The Turbo Carver uses compressed air to power small rotary burrs or cutters up to 450,000 rpm; that's more than 20 times the speed of flex-shaft machines! Enjoyed by champion carvers for smooth cuts, better control & for unsurpassed detailing. Unlike the expensive units, it uses superior bearings that never need oiling! It accepts standard dental style 1/16" shank friction grip burrs. Powered by any .5 hp+ air compressor it needs only 1 cfm @ 45+ psi. max. Kit includes: handpiece (.5x4"), 2 burrs ,variable speed foot pedal, brush, face mask, 10' hose with inline 5 micron filter & air pressure gauge, stencil, manuals (printed & video). 6-month warranty. Made in USA.

1/16" shank, Photo actual size. Superior quality! Made in Switzerland.

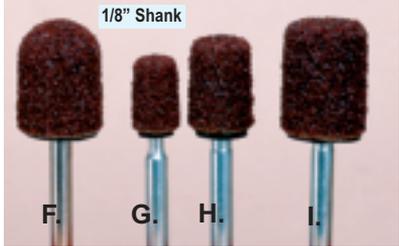

DIAMOND HYPER SPEED SWISS BURRS Best quality Swiss burrs! Unlike other cheaper burrs, for superior cutting, performance & long life, our diamond burrs feature finest natural diamond grit (100-170 micron) layered not once, but multiple times! As each layer of diamond wears it exposes fresh diamond grit. Head & shank are precisely machined from one piece of stainless steel, not welded. The final result is a surgical quality burr, so superior that it will last 6 times longer than the best "single use" diamonds used by dentists. Works great with most power carvers that accept 1/16" shank burrs. Selection includes the most useful shapes for carvers. Shank 1/16" (Friction Grip), L.75", max RPM 450,000.

Exceptional quality carbide, for a lifetime of carving. These burrs have 1/4" shanks (fit most power carvers, die grinders & handpieces). USA made.

Exclusive 

BEST VALUE!

360° Rotation

180° Tilt

PRO-CARVER POSITIONER by **Mastercarver®** Professional quality & features at an affordable price! Thanks to a breakthrough design, the Pro-carver rotates 360 degrees & tilts a full 180 degrees, putting the bottom of your carving in reach. Mount to any bench or work surface with bolts or use C-clamps for portability. Features: rugged construction, heavy duty components, 3/8" solid steel base & 3/4" *solid steel post. To attach project, simply attach wood screws to adapter. Includes one 3-hole adapter (3.5") plus 2-hole mini adapter (1.5"x 2.75"). Maximum carving weight 100 lbs.; size 6"x9"; weight - 8 lbs. U.S.A.
988000 Pro-Positioner \$234.95

Versatile,
portable,
affordable!

All steel parts!

**Attention Wood Turners: Pro-Carver's solid steel post has standard 3/4-16UNF male thread & accepts matching lathe accessories (do not use it's faceplates on lathe).*

PORTABLE WORK POSITIONER. Finally, a simple, rugged portable work positioner that won't break your budget! Take it anywhere. It self-clamps onto almost any table or bench (up to 4" thick) for maximum portability. To use, just drive wood screw through the pre-drilled 4" face plate into wood. Rotates and tilts 360 degrees. Mounting plate and locking handle may be reversed for right or left hand use as shown.

888010 Portable Work Positioner \$68.95

Exclusive 
THE ROCK™

THE ROCK™ POSITIONER Made tough enough to handle massive pounding while holding a project up to 45 lbs., 360° rotation & 90° tilt, position your carving block where you want. A 1" hole accepts the matching 1" shaft on the heavy duty fixturing head. To fasten your carving block, simply screw through the holes in the fixturing head to the wood, slip it's 1" shaft into the matching hole found in the Rock™ Positioner Base & lock, you're ready to carve. Set includes base & 2 7/8" round fixturing head, order extra heads for multiple projects. Made in U.S.A.

990029 The Rock™ Positioner Set includes 1 Round 2 7/8" head \$64.95
434040 Round 2 7/8" Head \$19.95
990025 Rectangle 3x6" Head \$24.95
 (Rectangle head not Pictured)

MASTERCARVER® POWER CARVER'S LEATHER APRON.

Our premium quality, heavy duty, power carver's apron is the ultimate in safety & comfort. Most power carving tools will not "grab" leather but rather tend to bounce harmlessly off. Apron features: one piece supple natural leather (cut from a single hide), handsome suede finish, plus comfortable & strong straps with quick release snaps. Full cut of 23" wide x 35" long, adjusts to fit anyone. Quality made!

510009 Mastercarver Leather Apron \$39.95

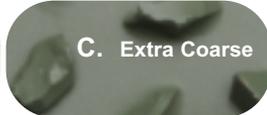

A. HITACHI 4.5" ANGLE GRINDER Perfect for 4" & 4.5" carving wheels. It features 5/8" arbor, powerful 1900 watts (8 amps), 10,000 RPM, ball bearings in head & motor; low profile head (great visibility & carving clearance), light weight (4.2 lbs.). Includes wrench, handle & manual. 1-yr. warr. 110V. **445100 Hitachi 4.5" Angle Grinder \$159.95**

B. Medium

C. Extra Coarse

CARBIDE NUGGET™ WHEELS by **Mastercarver®** These wheels remove wood faster, leave the surface smoother, and resist clogging better than others we've tried! They feature super-tough nuggets of wear resistant Tungsten Carbide, permanently brazed to steel rims. Unlike other wheels, the open grain design virtually eliminates clogging or buildup. These wheels will fit most 4.5" or larger angle grinders. Wheel diameter 4.5" (115mm), Hole size: 7/8" (5/8" & 1/2" adaptors included). *Use only with guard, 15,000 rpm maximum.*

B. 264245 Nugget Wheel Medium \$44.95

C. 264045 Nugget Wheel X-Coarse \$49.95

B & C 264000 Both Nugget Wheels (Save \$9) \$85.90

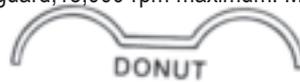

4" LANCELOT 22-TOOTH WHEEL. Sculpt wood fast! The Lancelot is a 4" diameter wheel with 5/8" hole which fits 4.5 & 5" grinders. Maximum speed: 13,000 RPM. Mount only on angle grinders with protective blade guard. Do NOT use Lancelot on any Makita brand grinders. Quality made in USA.

446822 4" Lancelot 22-Tooth Wheel \$49.50

PITCH RX is an amazing, safe product that easily removes pitch, gum and resin from all common shop tools or grinders. Wheel dia. 2" (50mm) x 3/8" (10mm), Hole: 3/8" (9.53mm), includes 1-coarse wheel and 1/4" shank mandrel. Maximum speed 10,000 RPM. 16oz. Bottle. U.S.A. **260016 PitchRx \$14.95**

New! SABURR TOOTH™ CARBIDE WHEELS: Sharp, low angled, cone shaped carbide barbs aggressively remove wood, resist clogging & clean easily. Fits most 4"-5" angle grinders. Diameter 4", hole 5/8". Use only with guard, 15,000 rpm maximum. Made in the U.S.A.

DONUT

DONUT SHAPED CARBIDE WHEELS. The donut shape is used like a gouge. Primarily for rough shaping & all curved surfaces. It is the most versatile shape.

				Donut Wheels 4"x (5/8" hole)

NEW!!!
2" Wheels shown actual size.

2" CARBIDE NUGGET™ WHEEL by Mastercarver® These wheels remove wood faster, leave the surface smoother, and resist clogging better than others we've tried! They feature super-tough nuggets of wear and impact resistant Tungsten Carbide, permanently brazed to the steel rim. These "nuggets" of coarse carbide grit are more durable than the pointed carbide used on others. Unlike other wheels, the open grain air-cooled design resists clogging, buildup or overheating. These wheels will fit 1/4" capacity flex-shaft tools or grinders. Wheel dia. 2" (50mm) x 3/8" (10mm), Hole: 3/8" (9.53mm), includes 1-coarse wheel and 1/4" shank mandrel. Maximum speed 10,000 RPM. **264866 2"-Carbide Nugget™ Wheel Coarse \$29.95**

SABURR TOOTH™ CARBIDE BURRS. These burrs rip through wood faster & cleaner than any similar we've tried! Perfect for all shaping uses; in forward or reverse rotation. Unlike other burrs that use a random grit pattern, the carbide barbs are sharper, have lower tooth angle & are structurally aligned in a precise pattern. The result is faster cutting, plus amazing resistance to loading. Choose burrs below or *sets for favorite shapes & savings too! USA. Photos actual size. 3- grits available.

DUST BEE GONE Created by a woodworker, this dust mask is specially designed to seal dust out & not fog your glasses! Lightweight & comfortable, it features a special, washable woven polyester filter fabric & lasts indefinitely. So it's cheaper in the long term than disposable paper masks. This amazing filter material is easy to breathe & talk through! It's effective against non-toxic shop dust. Also works for lawn mowing, tree trimming, weed whacking & construction clean-up. Sizes: Sm. 14" or smaller neck, Med. 15", Lg. 15"-18" neck, X-Lg. 19"+ neck. USA.

994003 Dust Bee Gone Sm. \$36.95
994000 Dust Bee Gone Med. \$36.95
994001 Dust Bee Gone Lg. \$36.95
994002 Dust Bee Gone X-Lg. \$36.95

CARVER'S MAGNIFIER & 3 LENSES Work close-up while keeping your hands free! Soft, comfortable straps adjust to fit any head. Pivoting visor fits over regular or safety glasses & swings up when not needed. Optical quality acrylic lenses resist breakage. Superior lens design eliminates annoying center post. Includes 3 interchangeable lenses; ideal for all carving uses! Lens specifications: 3 diopter (1-3/4X) with 14" focal range, 5 diopter (2-1/4X) 8" focal range, 7 diopter (2-3/4X) 6" focal range. *Includes 3-interchangeable lenses.*

227001 Carver's Magnifier Set \$27.95

POWER CARVING DUST COLLECTOR Keep your power-carving area clean! This handy dust unit is lightweight, compact & portable. Simply set it on any table or bench, plug it in & switch on! Eliminate power carving dust without hoses or balancing a board on your lap. Features: metal housing, 2-whisper-quiet computer grade fans drawing up to 500 CFM (cubic feet of air per min.), fans individually switched to control air flow, efficient industrial grade filter system plus 3 clear folding dust shields & standard duplex outlets to power your tools. Dimensions: 8" x 10-1/2" x 21".

888001 Carving Dust Collector \$244.95
888002 Replacement Dust Filter \$12.95

INCLUDES 4 LENSES!

LIGHTED MAGNIFIER Create fine detail with the same professional unit used by Doctors and Jewelers! This unit lights and magnifies hands free, so you can see to create detail otherwise impossible. High-powered & removable LED Light can be used as a free standing light source with magnetic base, adjusts up & down plus left to right to point light exactly where you need it. Headband adjusts for fit & comfort. Works over regular or safety glasses. Fine optical quality plastic lenses resist breakage. Single lens design eliminates annoying center post, swings up when not used. Includes 4 lenses: 1.5X, 2X, 2.5X & 3X, working distances from 3" - 24", ideal for carving uses includes lens storage box. Uses 3 AAA batteries (not included). **222020 Lighted Magnifier \$49.95**

Portable dust elimination!

LAPBOARD DUST COLLECTOR If you do some of your power carving outside of your shop or if you are looking for an inexpensive dust eliminator, the Lapboard Dust Collector is for you. Compact, lightweight, portable & great for traveling (goes anywhere you carve), perfect for club meetings & classes. Fully assembled, just plug in, switch it on & start carving over hole. The quiet 5" fan sucks up dust & chips & deposits them in the long life filter-cloth debris bag. After carving, simply remove reusable bag & dispose of debris. A simple, inexpensive, portable dust collector! Size: 14"x22", Wt: 3.4 lbs., includes: 1 debris bag; 1 yr. warr. Suction rate: 115 CFM, U.S.A.

996000 Lapboard Dust Collector \$99.95
996001 Spare Debris Bag \$14.95

RADIAL BRISTLE DISCS. A radically new approach to sanding by 3M! Aluminum oxide & 3M Cubitron™ are embedded in the plastic bristles. Amazingly, the flexible bristles make wood smooth & remove "fuzzies" left by power carving & burning, without harming the underlying detail! Hole: 1/16"; Diameter: 3/4". *Mandrels must be ordered separately.*

- 2" Chainsaw Wheel. Includes hub and chain.
- 446002 Optional 2" Chain & Disc \$19.95

Carving by: Stacy Apelt Norfolk VA

OVAL & ROUND EYE PUNCHES Create perfect eyes on your next carving! Using punches to make eyes on wood carvings was first made popular by famous carver & author Tom Wolfe. Our eye punches are improved versions of punches shown in his books. Round punches are perfect when you want a round eye ie. bird; oval is best for human heads & some mammals. To use round, simply press & twist or tap with hammer into socket area. To use oval punches, tap only with hammer. Round sizes: 1/8, 5/32, 3/16, 7/32, 1/4, 9/32". Oval sizes 1/8, 3/16, 1/4, 5/16, 3/8". Length: Round 5"(w/rubber pads), Oval 4". U.S.A.

- 434004 1/8" Round Eye Punch \$10.95
- 434005 5/32" Round Eye Punch \$10.95
- 434006 3/16" Round Eye Punch \$10.95
- 434007 7/32" Round Eye Punch \$10.95
- 434008 1/4" Round Eye Punch \$10.95
- 434009 9/32" Round Eye Punch \$10.95
- 434000 6 Pc Round Punch Set \$39.95
- 434012 1/8" Oval Eye Punch \$12.95
- 434013 3/16" Oval Eye Punch \$12.95
- 434014 1/4" Oval Eye Punch \$12.95
- 434015 5/16" Oval Eye Punch \$12.95
- 434016 3/8" Oval Eye Punch \$12.95
- 434010 5 Pc Oval Punch Set \$39.95
- 434020 Best Deal Both Sets *Save \$10* \$69.90

CHARACTER EYE PUNCHES Get the eyes right & your carvings will jump to life with realism! Our exclusive eye punches were made to our exacting specifications. Inspired by punches used by Tom Wolfe. Character Eye Punches feature a specially ground flat on one side that creates a "sleepy" eye, great for wizards, santas, cowboys & other characters. To make a perfect eye simply press or tap with hammer into socket area & presto, you have a perfect eye with character! Highest quality.U.S.A. Set includes 6 punches. Sizes:1/8, 5/32, 3/16, 7/32,1/4, 9/32", L 4".

434030 Character Eye Punches \$42.95

CHAINSAW CARVING DVD-W. Dittrich. Learn how professional chain saw artists create their carvings. Follow cut-by-cut as a pro completes two projects, a Pelican & Eagle. Thoughtfully planned & edited, advice is narrated with chainsaw operating silently. Advice is given on tools used (standard chain saw & angle grinder/sander) plus wood finishing. Includes basic rough-out drawing & 4 profile photos for both projects. 64 minutes.

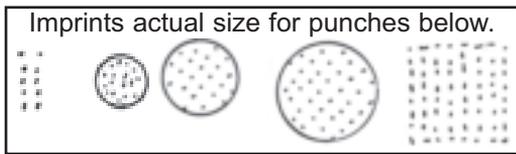

233020 Chainsaw Carving DVD \$19.95

TRANSFER TOOL Transfer your pattern the easy way, without messy carbon paper! This pattern transfer tool works great on any wood & even works well on other

soft materials such as leather or fabrics. To use, follow these 3 easy steps. 1. Make a photocopy of your pattern (or print with a laser printer), enlarging or reducing as needed. 2. Place photocopy printed side down & use the Transfer Tool to iron it on. 3. Remove the photocopy by re-ironing it while slowly peeling it off. Includes 18-watt transfer tool with 6' power cord, tool stand, instructions & 5-year guarantee. U.S.A.

240037 Transfer Tool \$24.50

CARVER'S BACKGROUND PUNCHES

Traditionally used for backgrounds in relief carving to create the illusion of added depth. Available in round, rectangle & square. Made from quality steel. Length: 3.5", USA.

434425 5-Piece Punch Set \$26.95

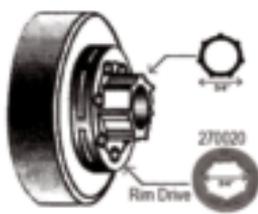

Quarter Tip Bars = simple setup (just replace bar & chain) best choice for most carving! *Exclusive*

Dime Tip Bars = smallest tip, best for detail! Requires special 1/4" pitch chain & drive sprocket *Exclusive*

CARVING BARS & CHAIN. Mastercarver® makes converting your chainsaw for carving easy & affordable! Choose a Quarter tip bar for most carving uses & easy setup (just replace bar & chain on standard 3/8" drive saws). For fine detail, choose a Dime tip bar (requires changing saw drive sprocket to 1/4 pitch, sprocket & details below). Our 12" bars fit virtually any small gas or electric chainsaw.

- 271012 Quarter 12" Carving Bar \$49.95
- 270345 3/8" Chain for 12" Quarter \$15.95
- 271212 Dime 12" Carving Bar \$39.95
- 270165 1/4" Chain for 12" Dime \$24.95

1/4" RIM DRIVE SPROCKET.

To use a dime sized bar, your chainsaw drive sprocket must accept 1/4" chain. Most chainsaws are sold with a 3/8" (.375) drive sprocket. Our 270020 1/4" rim sprockets adapt the following makes & models to accept 1/4"

chain: STIHL: 017, 018, 019, 021, 023, 025, MS170, MS180, MS210, MS230 & MS250. Poulan: 25 & 25DA. Husqvarna: 36, 41, 136, 137, 141, 142. Echo: CS302, CS315, CS330, CS351, CS360. The rim drive sprocket fits on the center drive sprocket by replacing the original factory supplied rim drive sprocket.

- 270020 1/4" Pitch Rim Drive Sprocket \$19.95

Warning, read this before ordering products for chain saw carving: Using a chain saw is an inherently dangerous activity and should only be undertaken by individuals who are very familiar and experienced with and are willing to practice all safety rules including (but not limited to): being in good physical condition, unimpaired by medications / drugs or alcohol, properly maintaining equipment, using all safety devices and wearing appropriate protective gear at all times. We care about your safety. If you are unsure about safe operation please do not use a chain saw for carving.

BEGINNING SCULPTING WITH CHAINSAW DVD Learn sculpting techniques & the use of carving bars. Projects: carving a saguaro cactus & bear cub. 30min.

- 233025 Begin Sculpting DVD \$19.95

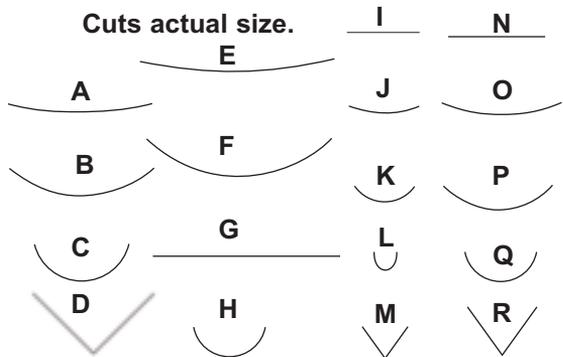

CHISEL WISE Rough out big carvings without messy dust or swinging a heavy mallet! The electric motor powers large blades effortlessly at 12,000 reciprocations per minute. Specs.: Weight: 4.5 lbs., Power: 110 Volts / 680 watts, Length: 13.5". 6-mo. Warranty. Includes: Chisel Wise, 58mm (2-1/4") deep # 8 gouge razor sharp. **794080 Automach Chisel Wise \$549.95**

New Design!

10-METRIC EYE DRILL BIT SET. Glass eyes are sold in metric sizes (mm), but ordinary drill bits are in inch fractions, so the eye never fits the hole! The solution to perfect fitting eye sockets is metric sized brad point drill bits! Sharp brad point holds bit on center. Mastercarver® brand. Set includes wood storage box plus bit sizes: 3mm, 4mm, 5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm. Note: sizes 7mm - 12mm have standard 1/4" (6.3mm) shanks.
878001 10-Metric Drill Bit Set \$19.95

KNEADATITE® BLUE & YELLOW Many top carvers prefer it for setting eyes, making eyelids, beaks & feet. To use; just knead together to the consistency of stiff taffy. It will not shrink & leaves a smooth finish. Work time 1 hr, initial cure 4 hrs, final cure 24 hrs. Produces an easy to paint neutral color. 10" strips w/ instructions.

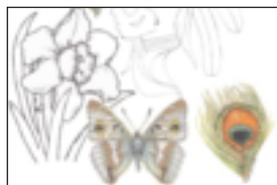

781005 Kneadatite Blue & Yellow \$9.95

CARVEABLE WOOD EPOXY

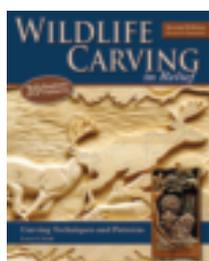

The best wood putty! It will not shrink plus you can carve, burn & paint it. Use for setting eyes, positioning duck heads, inserting feet, & feathers, filling cracks & knots. To use, simply tear off a section of putty & knead until one color. 15 min. working time, final set 1 hr. Tan matches Basswood & Tupelo. Brown matches Walnut.

781003 1 oz. Brown (.75x3.5") 2+\$5.50 ea. \$5.99
781000 1 oz. Tan (.75x3.5") 2+\$5.50 ea. \$5.99
781002 2 oz. Tan (.75x7") 2+\$7.50 ea. \$7.95

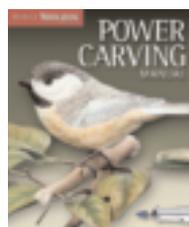

PYROPAPER & PATTERNS. Create beautiful woodburned designs on gourds & wood, regardless of your artistic skill. Pattern packets contain 12 sheets (8.5"x11") with over 40 detailed designs printed on special pyrography paper. Simply cut out the design, tape to wood or gourd & follow the lines by woodburning through the paper. This system ensures great results!

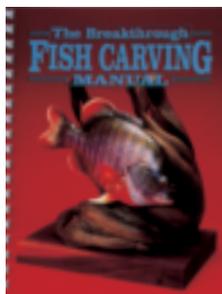

667000 Pyropaper, 50 Plain sheets (for new patterns) \$7.99
667001 Butterflies & Flowers \$9.99 **667003 Seashells, Feathers, Plants \$9.99**
667002 Animal, Arrowheads & Moths \$9.99 **667004 Southwestern Designs \$9.99**

Sarasota, FL

PRECISION CARVING SETS Perfect for smaller carvings, fine detail on larger carvings, or for beginners on a budget. Handles are made from durable hardwood for greater comfort & are designed shorter for better hand control. Straight round handles are slightly longer for traditional two hand grip; non-slip palm handles give excellent one hand control. Blades precision crafted, extra thin to glide almost effortlessly through wood, quality made from highest quality tool steel, hardened & tempered to stay sharp. Fine American quality, superior to cheap Far East knock-offs sold by others. Selections feature the most important basic carving shapes. Sets contain: gouge / chisel assortment plus a skew & V tool (actual size cuts pictured above). Factory edged, sharpening recommended before use. Made in the U.S.A.

BASSWOOD & TUPELO CARVING WOOD Basswood and Tupelo are favorite carving woods. Both are somewhat

soft & easy to shape, sand, paint or finish to grainless sheen. Bass wood is harder & holds detail better. Tupelo is preferred by many power carvers because it does not "fuzz" when carved. The finest obtainable, experience the difference good, dry wood can make. Basswood planed, Tupelo smooth sawn. All top grade! U.S.A.

MASTERPOXY™ Superior for bonding wood, glass, metal or other materials! MASTERPOXY™ two part epoxies (equal mix A and B parts) provide major advantages over traditional wood or resin glues. These epoxies need no high pressure clamping and will not shrink! Excellent for bonding wood, metal, glass, foam, leather, carbon graphite and certain plastics! The formulas are high grade, professional strength. Made in USA.

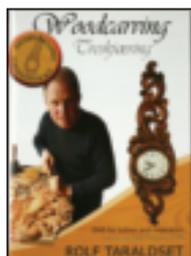

MASTERPOXY™ 10-Minute Pro Epoxy. is the best choice for quick jobs. Initial cure occurs in just 6-10 minutes (at 77°F). Great for bonding and as filler! It can be sanded, drilled, or tapped within a 1-hour. An excellent choice for securing and embedding bolts, screws and other devices. It bonds wood, metal, phenolic plastics, glass, glass fabric, wood, ceramics and more! When used as a pouring resin, it produces smooth, accurate casts in minutes. Carves like basswood (color is similar). Two Jars: A and B, 4-oz. total.

782104 **MASTERPOXY™ 10-Min.** \$19.95

MASTERPOXY™ High Strength Pro Epoxy. This is preferred when extra assembly time or maximum strength is needed. Features: easy mixing, minimum 1-hour working time for precision bonding. Typical initial cure: 4-6 hours (24-hours full cure). It will not run or sag. For strong, tough bonds to metals, phenolic plastics, epoxy laminates, glass and glass fabrics, rubber, wood and wood products, ceramics, masonry materials and construction materials. Two Jars: A and B, 4-oz. total.

782604 **MASTERPOXY™ High Strength** \$19.95

BEGINNING WOODCARVING DVD Video. Learn traditional hand wood carving with your very own video tutor! Ev Ellenwood teaches you all the basics of carving, including: anatomy of wood, making clean, smooth cuts, how to use and sharpen carving knives, chisels, gouges and "V" tools. He also shares his secret tips and techniques plus how to turn an idea into a carving! Includes tool cuts reference chart and patterns for projects demonstrated, Flower (relief / flat) & Stylized Bird (in the round). 210 min. *Note: Teacher Ev Ellenwood uses Lamp brand tools listed on our website.* 234022 **Beginning Woodcarving DVD** \$29.95

WOODCARVING DVD with patterns by Norwegian Master wood carver Rolf Taraldset. In Norway, wood carving known as Teskjaering, has a long tradition. Begin by carving a pin-wheel "chip carving". Next create an acanthus on a Clock project (pattern provided). Finally carve a wilderness relief project to learn & apply the basics of perspective. Covers: tool sharpening, choosing wood, work bench, tool selection & shop considerations. 38-mins. We highly recommend this Video DVD. 235001 **Woodcarving DVD** \$29.95

These nozzles offer quick effects changes & easy clean-up, a system so superior its patented! For best artistic control, it functions as either single or double action. Kit includes Die-cast metal airbrush (4 oz.), 6'-hose, 9-nozzles, 7-paint cups, Compressor adapter and walnut wood storage case, velvet pouch for the airbrush & helpful DVD video. *Retail \$303.39, Save \$113!* **549007 Ultimate Airbrush Kit \$189.95**

Simple, quiet & portable
Just attach hose & spray!

MINI PRO AIRBRUSH AIR COMPRESSOR. This air compressor delivers peak performance from your airbrush. It is super-quiet, compact, portable & weighs less than 5-lbs. Air pressure is preset for professional airbrush results. Features oil-less diaphragm; standard 1/4 NPT air hose connections fit virtually all brands of airbrushes and accessories. Specifications: .50 CFH @ 35PSI air pressure, oil-less operation, piston type, isolation mounts for quiet running; 110V-120V, 2-Amp, fan cooled, on /off switch, 6' power cord plus 1-year warranty and instructions. **549204 Mini Pro Air Compressor \$136.95**

CLEANING STATION A simple way to clean your airbrush without breathing dangerous solvent fumes. To use, simply insert airbrush into the feeder elbow, fill cup with the correct solvent for the paint or media that you are using & spray until clean. Filter traps particulate matter, jar retains any liquid. Makes a great stand for your airbrush. Includes instructions. **549315 Cleaning Station \$29.95**

549316 Extra filters (includes 3) \$11.50

ACRYLIC PAINT CLEANER FLUID. To use, soak full strength or dilute to spray flush. **549160 Cleaner Fluid 4oz. \$7.95**

CHROMA AIRBRUSH PAINTS Achieve the maximum performance from your airbrush! These paints are specially formulated with just right viscosity (thinness) to spray perfectly in your airbrush. Made by the same people that make the famous Jo Sonja paints, Chroma Airbrush paints feature competition grade pigments for realistic opaque colors which dry to a velvet, matte finish. Perfect for wildfowl, wildlife & figure carving. These paints also work great for hand brushing although they are faster drying and thinner than Jo Sonja paints. 2oz (60ml) bottles. Larger examples for each color are available on our web site:

WOODCARVING NOAH'S ARK by S. Cipa. The author, a woodcarver known for his whimsical style, presents detailed plans for carving a wooden Noah's Ark set complete with Noah and his wife and 14 different kinds of animals. Drawing upon the Bible and the many interpretations of the story throughout the world, the author shares historical context and artistic reference for the projects included. 160pp, 8x11". **670171 Woodcarving Noah's Ark \$22.85**

Mastercarver® Hand-Forged Tool Sets are high quality and affordable! *Blades are hand-forged from pro quality high carbon tool steel, expertly hardened to Rc 58-62 and rust-resistant varnish coated. Edges are pre-sharpened to a 22-degree angle, ideal for most carving. Exclusive forged socket traps boxwood handle fibers and prevents splitting for mallet use. Chisels and gouges are fishtail style for maneuverability. Chisels are double beveled, V-tools cut a true V (bottom not rounded). Handles are designed for hand push comfort and mallet use. Each handle is hand turned from Chinese boxwood branches for durability and sustainability. Handles have natural wood character, some have knots or other distinct markings. Skillfully handcrafted in China for superior value and high-quality. Length: 9". Individual tools listed on pages 38 and 39.*

Exclusive 

Carousel horse head & other carvings on pages 36 & 37 designed & carved by: Joe Leonard Custom Woodcarving

10-TOOL BASIC SET. Focused on basic mallet or hand pushed tools for shallow relief, small sculpture & detailing larger carvings. Sets typically include: #1-12mm chisel, #41-6mm 60° V-Tool & the following gouges: #3-6mm, #3-12mm, #5-6mm, #5-12mm, #7-12mm, #9-3mm, #10-6mm, #10-10mm & tool roll. Pre-sharpened. Boxwood handles, Rc 58-62; Length: 9". **401004** **10-Tool Basic Set & Roll** **\$99.95**

13 TOOL STARTER SET. The perfect set for shallow relief, small to medium sized sculpture & for expanding your tools for a low cost. Durable Boxwood handles are tough enough for the heaviest mallet use, yet comfortable for hand pushing. Most tools are fishtail style for better maneuverability. Sizes & sweeps may vary slightly but will typically include the following 13 tools: #2-16mm skew, #3-3mm gouge, #3-10mm gouge, #4-16mm spoon, #5-20mm, #6-12mm, #7-16mm, #8-6mm, #9-12mm, #10-8mm, #11-3mm, #26-10mm, #41-10mm 60° V-tool & cloth tool roll. Pre-sharpened. Handle thickness 1-1/8" Rc 58-62, Length: 9".

401003 **13-Tool Set & Roll** **\$139.95**

MASTERCARVER® TOOL ROLLS. Organize and protect your fine carving tools from moisture and accidents. Our heavy duty professional grade rolls feature clever offset tool slot design to keep blades from nicking, plus ties to secure rolled carving tools. Tool roll size is 13.25" x 36" and has 31-large slots for full sized tools. *These are the same tool rolls included with each set on pages 36 and 37.* **401000 Heavy Duty Tool Roll** **\$18.75**

...These tools are some of the finest I have ever used & they seem to defy law in that they go just as well against the grain in the majority of cases. I have other tools, in fact several dozens including the most expensive Japanese tools, Hirsch & Swiss brand but they just didn't do the job in this situation. - Gary Kelly

20-TOOL SCULPTURE SET. Great for carousel animal carving & all sculpture! Hand forged from high carbon tool steel, (Rc 58-62). Use with mallet or hand push. Blades have low angles to slice wood easily. Sets typically contain the following 20-tools: #1-16mm, #1-25mm, #2-12mm, #3-25mm, #4-20mm, #4-30mm, #5-16mm, #5-25mm, #6-10mm, #6-30mm, #7-20mm, #8-12mm, #8-25mm, #9-10mm, #10-20mm, #11-10mm, #11-16mm, #28-16mm, #41-12mm, #49-10mm & canvas tool roll. All are fishtails (except V) for better maneuverability, V-tools cut a true V (bottom not rounded). Boxwood handles. Length: 9". Pre-sharpened.

Exclusive  Razor Sharp!

MASTERCARVER® BRAND MINI HAND PUSH TOOLS

Create better detail with less effort! Our mini hand push tools are made with special extra thin steel, sharpened to a low angle & razor sharp edge. Perfect for detailing & small projects, these may be the only mini tools you'll need. Designed for the better control that results from hand pushing, tools slide through the wood with minimal pressure. V-tools feature reverse rakes for better cross & end grain carving, they create a true 60° V (bottom not rounded). All chisels, including skewes have single bevel. Blade hardness: Rc 64. Length 5-3/4". Set 301001 includes the 20-Tools plus 301002 Mastercarver® Mini Tool Wallet a \$19.95 value. *Individual tools are listed below.*

Carved by N. Denison

LAMP® BRAND SWISS CHIP CARVING KNIVES We searched the world to find the best chip carving knives. Our search ended in a small Swiss city where the caring craftsmen of Klotzli have made quality knives since 1846. Recognized world wide as the best, these knives are all you need to create any chip carving. The Cutting knife is used for all cutting, the Stab knife is a non-cutting knife, it is pushed or "stabbed" into the wood, separating wood fibers to form or enhance a design created by the cutting knives. Quality Swiss steel & cherry wood handles. Pre-sharpened, however using ceramic stones improves performance. 5-3/8". Made in Switzerland.

A. 417001 Mini Cutting Knife \$39.95

B. 417002 Large Cutting Knife \$29.95

HAND SAVER GLOVE Made with the same high-tech material used in "bullet-proof" vests, our hand saver glove resists most cuts. If you hold your project in your hand while carving, our hand saver glove is a must for protecting your hand & improving your grip. Gloves are machine washable & reversible for left or right hand use. Sold individually in mens glove sizes (small fits most women). U.S.A. * They run large. *Not for use with power tools.*

- 593000 Hand Saver-Small \$21.85**
- 593001 Hand Saver Medium \$21.85**
- 593002 Hand Saver Lg/ExLg. \$21.85**

THUMB & FINGER GUARDS Protect your thumbs & fingers from cuts when whittling or carving. Superior to open style guards sold elsewhere, our thumb & finger guards feature wrap around construction for maximum protection & comfort. Top quality leather & elastic cloth for comfortable fit. One size fits all. U.S.A. *Use with hand carving tools only.*

510001 Thumb Guard \$2.95
510005 Finger Guard \$2.95

Hand Forged Carving Knives. Who says "they don't make them like they used to"? These knives are the finest quality knives we've seen; completely handmade in the USA! First the blades are hand forged with coal fire & hammer reducing the steel thickness & refining the steel grain structure. Next the steel is heat treated to Rc 62 & triple tempered to relax it & make it tougher (others temper once). The blades are attached to extra comfortable hardwood handles (5-3/4" x 7/8"). Available exclusively from us; we offer blades the shapes & sizes most carvers prefer. Overall lengths 6"- 6.5", blade sizes listed below. Handmade in the USA!

- A. 577016 #1 Straight Shaper 1-1/2" \$49.95**
- B. 577026 #2 Curved Shaper 1-1/2" \$49.95**
- C. 577034 #3 Straight Detail 1" \$49.95**
- D. 577044 #4S Curved Detail 1" \$49.95**
- E. 577085 #8 Hook 1-1/4" \$49.95**
- A-E. 577000 All 5-Knives (save \$20) \$229.75**

FINGER PRO SAFETY TAPE Protect your fingers against minor cuts, burns & abrasions, without sacrificing comfort! Just wrap around fingers to be protected, sticks only to itself. Super comfortable, it "breathes" & allows free movement. Protects your fingers & improves grip. Essential for small hand held carvings. 3/4"x90' roll.

222250 Finger Pro Roll \$3.50

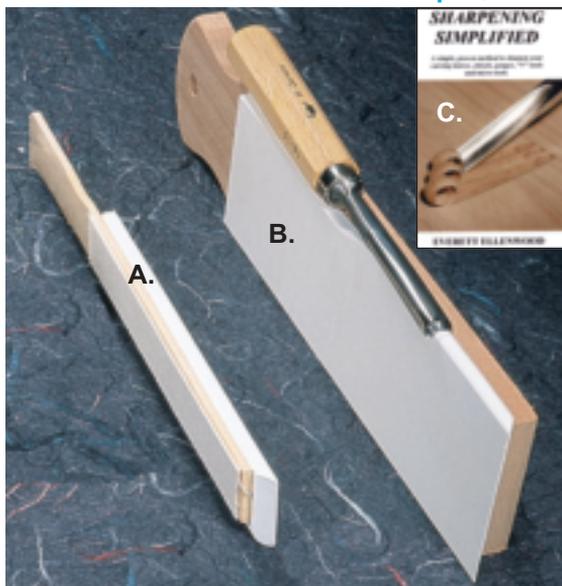

Knife sheath w/belt clip:
Fits (all above knives)
any standard knife profile.
993033 Knife Sheath \$13.95

SLICK STICK
Sharpens most
carving tools!

SLICK STICK Get the sharpest edge ever! The Slick Stick sharpens virtually any carving tool to a razor sharp edge. Crafted from solid pine & genuine cowhide, special leather covered wave shaped contours, plus super narrow micro strop edges get into all the curves of gouges (inside & outside) & V - tools as narrow as 1/16" (2mm). Back side features a flat leather strop, perfect for stropping knives. To use, simply apply your favorite compound (we recommend Yellow compound listed on this page) & gently strop to a razor edge. Includes instructions; length 10". U.S.A. **581000 Slick Stick Strop \$19.95**

A. & B. HONE-STROPS Sharpening your tools to a mirror finish & razor sharpness is easy with the Hone-Strop. Charge strop with strop compound, then rejuvenate a dulling edge on gouge, chisel, knife or achieve that final polish. Revolutionary hard rubberized composition resists wear & will not round cutting edges. Sides specially shaped to sharpen & polish inside V-tools & gouges. Includes instructions.

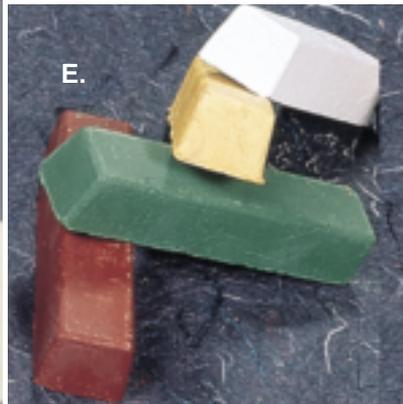

- A. 616035 Mini Hone-Strop 1.25"x10" \$16.95**
- B. 616036 Bench Hone-Strop 3"x12.5" \$26.50**
- 616037 Best Deal Both Hone-Strops Set \$39.45**

C. SHARPENING SIMPLIFIED-Video DVD. To succeed at hand carving, your tools must be sharp. Carving teacher Ev Ellenwood teaches how to get your knives, chisels, gouges & V-tools sharper than you ever dreamed possible! All methods shown are by hand, use inexpensive readily available stones & supplies. 110 mins. **234021 Sharpening DVD \$24.95**

COMBO STROP
1-side
leather
1- side
600-grit

D.

E.

D. COMBO STROP. Get your knives razor sharp! The Combo Strop features a top quality leather strop on one side and 600-grit abrasive on the other. The leather and abrasive sides are the perfect combination for light sharpening and razor stropping or polishing. Use your favorite strop compound on the leather side, (we recommend 586001 Yellow Compound listed on this page). The abrasive side of the Combo Strop has a cloth backed 600-grit abrasive. Note the 600-grit abrasive side may be used wet or dry. The Combo Strop is perfect for all straight edges, such as knives and chisels. Also great for the outside bevel of gouges and V-tools. 2.5" x 10". USA made.

581001 Combo Strop \$12.95

E. CARVERS STROP COMPOUNDS Abrasive compounds make stropps & wheels cut tool steel to achieve a highly polished razor edge. To use, rub compound bar into strop surface. To switch compounds, apply over previous. White, fast cutting, sticks best to surface. Yellow (sometimes called "knife makers secret"), cuts fast, no residue (our favorite). Zam, fine finish, sticks to surface. Red, finest finish, sticks well.

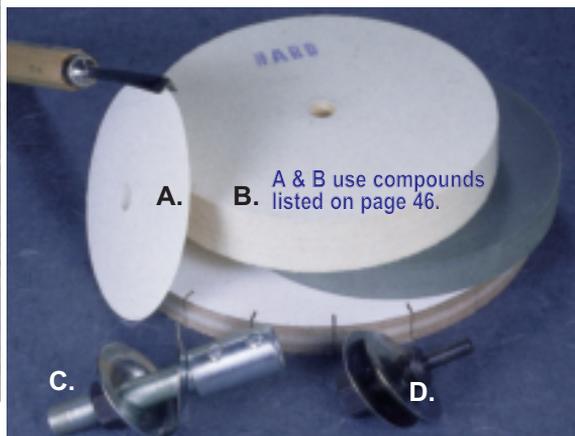

- 586000 White Compound 1/4 lb. \$5.80**
- 586002 Zam Compound 1/4 lb \$5.80**
- 586001 Yellow Compound 1/4 lb \$5.80**
- 586003 Red Compound 1/4 lb \$5.80**
- 586005 Best Deal Set all 4 Save \$5 \$17.95**

Diamond Paste
a sharpening
breakthrough!

DIAMOND PASTE Sharpening Compound. A Fine Woodworking magazine article found that diamond paste produced "the very finest edge". Used in progressively finer grits, instead of ordinary compound, diamond paste will give your tools the sharpest edges obtainable! To use, apply paste (or mix with oil for a slurry) to your favorite strop, wheel (felt or leather) or even a wood board! **Jumbo 5 gram syringes, 10 X more than others!** Higher grit numbers = finer finish.

- 881701 .5 Micron (60,000 grit) \$13.95**
- 881702 1 Micron (14,000 grit) \$13.95**
- 881705 3.5 Micron (8,000 grit) \$13.95**

- 881709 14 Micron (1,200 grit) \$13.95**
- 881711 28 Micron (600 grit) \$13.95**
- 881700 Best Deal all 6 (save \$34) \$49.70**

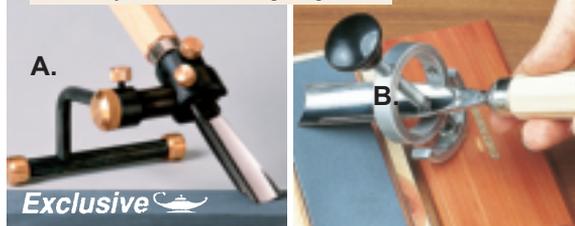

A-B. FELT WHEELS Use for final polishing, deburring, honing to razor sharp edge. Simply charge wheel while running with compound. Made with natural hard 100% wool felt so compound stays on longer. Unlike soft muslin & cotton wheels, hard felt won't round edges & lasts for years. V-edge wheel used for deburring, honing & polishing of V tools & narrow gouges. Mounting arbors below adapt wheels to motors & drills. 3,450 RPM max. Holes: 5/8" with 1/2" sleeve.

- A. 223012 Felt V-Edge 6x3/8" \$37.95**
B. 220022 Felt Wheel 6x 1" \$47.50
C. 594410 Arbor for 1/2" Shafts \$9.95
C. 594411 Arbor for 5/8" Shafts \$9.95
D. 594415 Drill Arbor 1/2" \$8.95

"once set up, a flat bevel at the correct angle is guaranteed."

Chris Pye - Wood Carving magazine

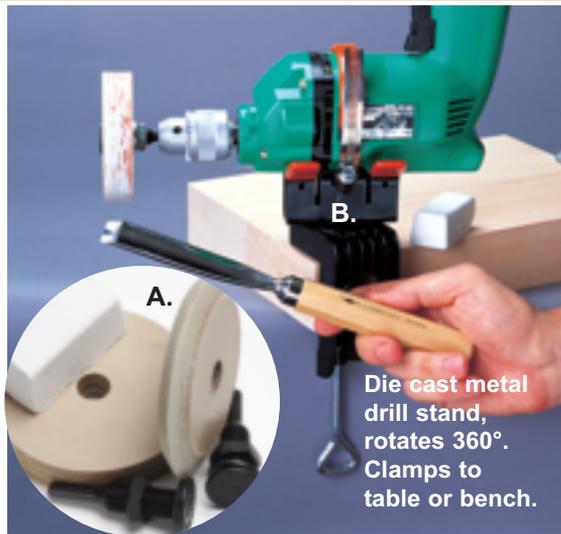

A. MASTERCARVER® SHARPENER Conquer the most difficult aspect of sharpening carving tools - maintaining a constant angle on a sharpening stone! With the Mastercarver® Sharpener, setting & maintaining a perfect constant angle is simple. The secret is its rotating turret that accepts virtually all-carving tools 1" (25mm) or less. After a tool is secured in the turret you may easily set & lock the bevel angle. Next, place on flat sharpening stone, adjust & lock bevel angle. Now you're ready to achieve a professional razor-sharp edge on gouges, V-tools & Chisels!

988050 Mastercarver® Sharpener \$99.95

B. CARVING TOOL SHARPENER JIG: One of the greatest sharpening challenges is consistently maintaining the proper angle. The Carving Tool Sharpener jig maintains the proper angle on your stone for all sizes of gouges, V-tools & Chisels. To use, insert tool until proper angle is achieved then tighten. A simple product, compact and great for travel.

599000 Tool Sharpener Jig \$37.95

Die cast metal drill stand, rotates 360°. Clamps to table or bench.

A. 2-LEATHER WHEEL SET Eliminate hand stropping & put an instant razor edge on your carving knives, gouges, chisels & V-Tools! To use, mount on grinder, drill or motor, then charge with your favorite strop compound & polish to mirror finish. 1/2" hole fits most grinders. Includes: Flat & V- edge leather wheels 1/4" shaft drill arbors (1-for each wheel), strop compound & instructions. 3.5x.75x.5" Max. RPM 1800.

596010 2-Wheel Set (reg. & V) + comp. \$39.95

B. PORTABLE DRILL STAND Instantly converts your drill into a handy bench motor. Locks anywhere on 360° rotation. Securely clamps to table or bench (2.5" maximum). Fits most electric drills. Made in U.S.A.

505796 Portable Drill Stand \$19.95

WOODCARVERS FELT WHEEL

Sharpening, polishing or stropping the

inside edges of gouges has always been one of the biggest obstacles to sharpening carving tools. The woodcarvers felt wheel is specially shaped to reach into all the contours of even the deepest gouges & V-tools, to remove burrs & polish to a

razor sharp edge. Super hard felt retains it's shape, so it will not round your edges or wear out. Charge with your favorite strop compound before use (we recommend yellow listed below). Diameter: 6"; thickness: 5/8" hole with 1/2" sleeve. 3,600 RPM max. Includes use guide sheet.

220000 Woodcarvers Felt Wheel \$66.95

586001 Yellow Compound 1/4 Lb. \$5.80

DIAMOND GRIT SHARPENING STONES

U.S.A.

EZE-LAP
Diamond
combo
stones
always
stay flat!

**Combo
stone
= two
grits!**

Sharpening carving tools just got easier! Ordinary stones used for carving tool sharpening cup with wear, resulting in rounded tips on flat edges (what you don't want). These superior stones use real diamond permanently bonded to a stiff steel plate so they cut faster, last longer & never "cup". The diamond grit used

on these stones is tough enough to sharpen carbide & any hard tool steel. No fluid is required during use. Choose **Coarse (250/270 grit)** for shaping, **Medium (400)** for initial sharpening, **Fine (600 grit)** for general use & **Super Fine (1,200 grit)** for final sharpening to a razor edge. Space-saving 6" and 8" stones have one grit on each side! Perfect for all knives & tools. Includes instructions.

597261 2x6" Combo (250 & 400 grit) \$59.95

597262 2x6" Combo (1,200 & 600 grit) \$59.95
